December 9, 2005

As Mayor of the Town of Notasulga, a 1966 graduate of Notasulga High School and the father to two children that have also graduated from here, as well. I feel I need to make a statement as to the granting of unitary status for Macon County Board of Education.

I do not think the people of Notasulga are as concerned with the unitary status nearly as much as they are to the effect this could have on the possible closing of Notasulga High School. The current Macon County Board of Education is elected at large, therefore eliminating Notasulga High School from being represented on the Board. If the Board were elected by district this would help. The current Board has established a pattern of closing all other High Schools in Macon County except Notasulga High School and busing all students to Tuskegee.

I would ask that you consider adding a statement to the unitary status decision, that Macon County maintain and not close Notasulga High School.

As Mayor of the Town of Notasulga I must plead the case of the Town, this would be disastrous economically to our Town, a Town without a School DIES!

The economic impact of closing our School would basically eliminate any chance of future growth and would remove COMMUNITY from our everyday lives. Notasulga High School has had a great tradition State wide in sports accomplishments. It would be a shame to see this School close.

I will attend the meeting on December 19th and would be glad to express our support to include a statement to keep Notasulga High School open.

Thank you for your consideration from the Town Council and myself on behalf of the Town of Notasulga.

Sincerely,

Frank Tew
Mayor of Notasulga
